**Send completed application to: Greenwood Township
Attn: Ellen
3000 County Road 77
Tower, NM 55790

INSTRUCTIONS:

If your property is on mainland, you will be issued two signs. Place one at your road entrance with the address visible to traffic from both directions, placing it the minimum of 4 (four) feet from the ground, perpendicular to the road. If you need a stake, please contact us for one. Your second sign should be placed on either side of your dock, within 10 feet from the high water mark and no less than 5' from the ground. Please do not place it on your dock as it is not visible in the winter.

If the property is approachable by water, the sign must be placed parallel to the shore within 10 feet from the high water mark and no less than 5' from the ground. Your second sign may be placed at the end of your dock giving consideration to where the Greenwood Fire/Rescue boat would be coming from (Shamrock Marina area).

This address is your 911 address. Mark it by your phone and memorize it. You are responsible for maintenance of your sign. To order a replacement, contact us.
